

EARLY EVENTS AT VON CROY'S APARTMENT.

LARA ARGUES WITH VON CROY.

Von Croy is incoherent with fear and waving a gun about. Lara picks up a torn fax with a symbol on it.

During the confusion Lara gets struck on the head from behind. There are gunshots.

Eckhardt 'takes care' of Von Croy.

The gunshots have alerted the neighbours who call the police.

People are banging on the doors. Eckhardt exits.

Lara is concussed. She exits just ahead of the police but gets ID'd.

She makes it to the street.

START OF THE GAME WITH LARA IN THE COURTYARD.

Lara's recall of events is fragmented.

Whenever a partial FLASHBACK gets triggered Lara sees only confused images.

Only in the FINAL REVELATION during the last flashback are the full events at Von Croy's revealed.

THE FINAL REVELATION

Just before Lara gets knocked unconscious she glimpses a face in a mirror of a figure stood behind her.

It is ECKHARDT but Lara doesn't recognise the face until she runs into him later at the Strahov.
