

**FIVE OBSCURA PAINTINGS**  
Originally Eckhardt's  
**'IMAGES OF BLOOD'**

Originally Eckhardt created FIVE **SANGLYPH** images,  
The **IMAGES OF BLOOD**.  
Each image had a **metallic symbol** buried in the thick wooden base.  
These were painted over by Bro Obscura and became known as  
**THE OBSCURA PAINTINGS**.

**ORIGINAL SANGLYPH IMAGES**  
completed before 1445  
by Eckhardt.

**OBSCURA IMAGES**  
completed between  
1445 and 1447  
by  
**Brother Obscura**.

**OBSCURA ENGRAVINGS**  
completed after Brother  
Obscura's mysterious  
death  
in 1447.

**FIVE OBSCURA ENGRAVINGS**

Each Engraving is a copy of the surface painting or **OBSCURA IMAGES**.  
There is an encoded map of each Painting's location in the design.  
It also shows the shape of the hidden metallic symbol.
