

LUDDICK'S PROFILES ON THE (CABAL) MAFIA. Gp 8.3

Luddick thinks he is dealing with the Mafia and has gathered a skimpy dossier on the SIX main figures currently in Prague. Also a photo of Bouchard.

Each profile has a blurry photo. The shot of Eckhardt is especially grainy and old. He has got Eckhardt first name wrong. The files are not particularly accurate.

The dossier goes into Lara's inventory.

There is a paperclipped note on the dossier showing that Luddick has heard of the Cabal but doesn't know what they are.
