

EIDOS PRESENT NEW LARA CROFT MODEL AT E3

Eidos Interactive are pleased to announce the appointment of Lara Weller as the new official Lara Croft look-a-like.

The 24 year old professional model will make her first appearance as Lara Croft at the Electronic Entertainment Exhibition (E3) in Los Angeles next week. Appearances are planned on the Eidos booth (500) for 11.30am and 3pm on all 3 days of the exhibition.

When asked how she feels about landing the role as the industry's most famous and desirable icon, Miss Weller comments:

'It's taken a while to sink in that I will actually represent Lara Croft, but the more I think about it, the more excited I get about the whole idea. It's actually quite amazing since in the past people have mentioned that I remind them of the Tomb Raider girl!

At 5ft 8' and measuring 34c-24-34, Lara Weller's vital statistics certainly reflect those of her digital counterpart. Her natural dark brown hair and brown eyes take her a step closer to matching Miss Croft's physical appearance. With four years experience as a lingerie and swimwear model plus interests in sport, travel and adventure, Lara Weller is an ideal body-double.

In the meantime Lara Croft's latest adventure is underway as Eidos prepare to announce plans for the fourth game in the Tomb Raider series.

A leading publisher of both PlayStation and PC games, Eidos will be presenting titles at E3 from such renowned developers as Core Design, ION storm, Crystal Dynamics, Cinematix, Kronos, Hot House, Mucky Foot, Red Lemon, Quantic Dream, Tigon and Pyro Studios.
